

# Onslow County Community Resource Manual

Twentieth Edition  
January 2009

Compiled and Published By  
Onslow County Public Library

## **How to use the Human Resource Manual**

This twentieth edition was published by the Onslow County Public Library. This information is up-to-date at the time of printing (January 2009). Notification of changes or omissions should be made to Nellie Yopp at the Onslow County Public Library, 455-7350 ext. 242.

This manual lists agencies alphabetically by agency name. However, some agency names beginning with Onslow County, Jacksonville, Camp Lejeune, or New River may have that listed at the end (for example: American Red Cross, CL or Health Dept, OC). The table of contents also lists the agencies alphabetically and provides the page number on which entries may be found.

Information gathered about each agency listed includes the agency name, address, e-mail web address, telephone number, contact person or administrator, hours of service, and programs offered or services provided.

The manual is divided into two sections. The first section is in-county agencies. The second section, which begins on page 173, is out-of-county agencies. At the end of both sections are subject indexes. Within the indexes, the agencies are classified and listed under the appropriate subject headings.

The Onslow County Public Library also publishes the Onslow County Civic Clubs and Organizations Directory. This directory may be picked up at the library or printed from our website, [www.onslowcountync.gov/library](http://www.onslowcountync.gov/library). Although there may be a few overlapping entries within the two publications, not all of the clubs are listed in the Community Resource Manual. Check the Civic Clubs Directory for a listing of other clubs or call Kim Cowdrey at the library at 455-7350 ext. 233.

## **PROGRAMS**

The Onslow County Animal Control provides for the humane sheltering, care, adoption, and redemption of stray and surrendered animals. Our new facility has 106 dog runs, 95 cat cages, a separate quarantine area, and an education room. Our Animal Control Officers are responsible for the enforcement of state and local laws and ordinances related to animal control.

We also provide education to increase awareness of rabies, animal control laws, and responsible pet ownership. In addition, we strive to eliminate the pet overpopulation problem through mandatory spay and neutering of all adopted animals.

24 hour automated response center

The Captain John C. Carr Disabled Veterans Resource Center attempts to locate and provide urgent need based resources to actual veterans of the United States Military Services who received a disability while performing their actual assigned duties. The Center serves as a supplemental service to those institutions already in place, such as churches, DSS and Veterans Organizations including AMVETS, VFW, DAV, Fleet Reserves, and many others. It does not seek to compete with any of these services, only to assist in meeting the needs of the Veterans/Family/Widows. The Center will search a myriad of networked local, regional, and national databases to try to meet the needs of The Veteran Center is not a claims processing center for the Veterans Administration. Many other agencies already provide this service. The purpose of the John C. Carr Disabled Veterans Resource Center is to assist the veteran and or attempt to locate resources to help the Veteran return to the most productive role in society that they can. It is not required that a Veteran seeking assistance be a member of any Veterans Organization, or have a pending claim with the Veterans Administration. They must only have served, and have a disability resulting from their assigned responsibilities, and have a legitimate need of assistance.

**Funding:** Not for profit organization supported by donor Charitable Individual Donations, Corporate Donations.

**Eligibility:** Must be a Veteran of the United States Military Services, and must have a Service Related Disability that occurred as a result of the performance of actual military duty. Must be unable to take care of their own need within their own resources. Must not have a current history of narcotics or substance abuse. (However, the Center will assist in locating treatment centers.)

## **PROGRAMS**

Home health care is a broad term that refers to the delivery of various health care services to a person's place of residence, in order to facilitate disease management and/or recovery from illness. Home health philosophy possesses a holistic approach to health care delivery, treating the client not only as an individual, but also as a unit of his/her family or environment, recognizing that physical and social surroundings affect the client's overall health status.

Hospice is a philosophy of care that maintains living each day to the fullest. It is founded on the belief that the final days of life should be lived with the greatest degree of comfort and dignity possible. Hospice care is palliative (for comfort, not cure). Its goal is to manage pain and other symptoms so that individuals can remain comfortable and at the best level of functioning. Individuals are encouraged to keep control of their own lives and to participate in the decision making process.

The hospice philosophy supports home based care for individuals whenever possible. Hospice services may also be provided in assisted living or long-term care facilities. Regular home visits provide symptom control as well as peace of mind. When individuals must have inpatient care, hospice care and support continue in the hospital or skilled nursing facility.

#### PROGRAMS:

Girl Scout troops provide a broad variety of developmental activities for girls from ages 5-17.

#### OUR MISSION STATEMENT

**Our formal mission is “Girl Scouting builds girls of courage, confidence, and character, who make the world a better place.”**

The Girl Scout program has four fundamental goals that express the way a girl benefits from her Girl Scout experience:

- Becomes-celebrates herself today and becomes her best self for the future
- Belongs-explores new ideas and activities with other girls and makes new and lasting friendships
- Believes-shares her thoughts and voices what’s important to her
- Builds-develops her skills and takes action on what she cares about

Local Volunteer is needed to provide opportunities for partnership with girls: to allow girls to widen their horizons and explore their world, to gain knowledge and learn leadership skills, confidence and self reliance that will carry them forward to a productive adulthood.

Hospice

Home Health Care is managing patient's treatment and recovery in the home. A few of the services provided in the home are maternity care, pediatrics, geriatric, diabetic and wound care. The physician will order, approve, and oversee the treatment plan for the home care. The recovery at home can inspire higher patient morale, improve quality of life, allow greater patient independence, permit closer family contact, and lead to a quicker recovery.

Medical Equipment and Supplies is able to coordinate the arrangement of supplies or medical equipment through sister Liberty Company or arrange for these services through you or your physician's provider of choice.

Hospice care specializes in understanding, respecting and managing the pain and symptoms associated with terminal illness through physical, emotional and spiritual in order for the patient to focus on his or her quality of life. Hospice care is palliative (for comfort, not cure). Hospice care is a special kind of care from a team of professionals that provides support for individuals with life limiting illnesses, their families, and caregivers in their home or in a long-term care facility.

## **PROGRAMS**

Kindergarten for 4 and 5 year olds

1<sup>st</sup> –12<sup>th</sup> grades

Morning and Aftercare Care provided

Purpose: The primary purpose of Living Water Christian School is to aid Christian parents who have come to realize their parental responsibility before God to “train up their children in the way he should go” (Proverbs 22:6), and to educate their children in a manner that is pleasing to the Lord. It is our desire to see a child reach their full potential spiritually, emotionally, socially, physically and academically.

This school is an extension of the student’s Christian home. The teaching at the school supports the Christian parent’s efforts to train the child to serve God, family, and the church. Our goal is to transform the mind of the child into the likeness of Christ, not to reform.

Funding: Funding is done through tuition, fees and donations.

Eligibility: Living Water Christian School admits students of any race, color, national and ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national or ethnic origin in administration of its educational policies, scholarships and loan programs, and athletic and all other school administered programs.

Program Information:

Purpose: To serve at-risk youth, ages 6-17, with adult volunteer mentors. The Mentors Program is designed to create a community alternative for juveniles in Onslow County by building a one-on-one relationship between community volunteers and youth. The Mentors Program has been created to improve the youth's initiative and encourage them to reach their full potential; with the guidance and support of a mentor, these youth can become positive figures in the community and reach their full potential.

Services: The Mentors Program serves at-risk youth, ages 6-17, by matching them with adult volunteer mentors. Matched mentors spend positive, quality, one-on-one time with the youth, guiding them in achieving their goals and dreams.

Funding: Our program receives funding from a state grant through the Office of Juvenile Justice in Raleigh, North Carolina.

Eligibility: The Mentors Program is a Governor's One on One program, sponsored by a grant from the Department of Juvenile Justice and Delinquency Prevention. The program is also sponsored by its parent organization, the Boys & Girls Club of Eastern North Carolina

For more information about becoming a volunteer mentor, please contact Kelly Crittenden via phone, email, fax, or in person. A child is in need of your positive guidance...become a mentor today!

## **PROGRAMS**

Onslow County Mosquito /Vector Control works year round in effort to help protect Onslow County residents from mosquito borne diseases and potential flooding by our rivers and creeks. During the fall, winter, and spring, the crews work diligently to clear our out our rivers and their tributaries of natural debris such as trees, stumps, branches, ect. During the spring, summer, and early fall their efforts concentrate on pesticide work to kill adult mosquitoes and their larvae.

During the active season, May through October, OCMC maintains and records rainfall amounts in six locations in various areas of the county. The areas that have received the most rain fall are the first consideration when it comes to spraying the pesticide we use. Along with rainfall amounts, we also set mosquito traps in five areas of the county. The mosquitoes are collected and identified by species for tracking purposes. When school is in session schools in the unincorporated areas of the county are a concentration point to protect the kids. Spraying is also done by resident phone requests. To make a request they could call 455-0181 and ask for Mosquito Control.

Onslow Carteret Behavioral Healthcare Services (OCBHS) is the area mental health, developmental disabilities and substance abuse authority for Onslow and Carteret Counties.

OCBHS, as a Local Management Entity (LME), is responsible for overseeing and managing a system of care for consumers and their families. OCBHS contracts with many public and private, outcome based providers throughout the area to deliver care to those who need it.

Much has changed in recent years with the system of mental health developmental disabilities and substance abuse care. Legislation and rules at the state level have dramatically changed who, where and what services are available to consumers. One of OCBHS's objectives is to assist the community with those changes and advocate for other needed changes.

**How to Get Help.....Accessing Services...**

To access mental health, substance abuse, or developmental disabilities services call our 24/7 Crisis Line at 910-219-3611 or our toll-free # at 1-888-737-0327.

**What to Expect...**

The OCBHS worker will ask for information about your situation to assess your needs. If this screening determines that clinical services may be helpful, the OCBHS worker will help

you choose a private provider and help you schedule an appointment.

*Onslow Carteret Behavioral Healthcare Services Continued....*

The OCBHS worker will contact the chosen provider, share the information gathered, and the provider will contact you to initiate services.

The provider you choose will be considered your **clinical home worker**. Your clinical home worker will coordinate, monitor, and link you to services, access available benefits, and be your first responder 24/7 to any crisis emergency services for you.

This worker will also schedule an appointment for you to have an assessment. This is a through evaluation to determine your diagnosis and recommendations for the services that may be helpful to you.

After the assessment, your provider will work with you to

- put together a treatment team to help plan your services.
- develop a person-centered plan of care focusing on your needs and goals based on the assessment recommendations.
- coordinate your services and meeting, and
- provide crisis emergency assistance to you 24/7/365

### **Choosing your Providers...**

When treatment needs are identified your worker will talk with you about which providers can meet those needs and help you learn more about those providers. You will be able to choose your clinical home provider, for all your needs or you may decide to work with different providers. Either way, the choice is yours.

### **For consumers experiencing a crisis...**

Help is available **24 hours per day**. Consumers in crisis who already receive services should call their clinical home provider first. All clinical home providers must provide crisis services and should provide their consumers with contact names and phone numbers for crisis assistance after hours and on holidays.

Individuals in crisis who are new to our service system should call our 24/7 Crisis Line at 910-219-3611 **or toll-free # at 1-888-737-0327**.

### **PROGRAMS Home Health & Hospice**

**Purpose:** The mission of Onslow County Home Health and Hospice, based on client and community needs, is to provide high quality skilled care to the homebound, to maintain them in their home as long as feasible through the provision of these services, to assist them to function at their maximum level of independence, to help their families attain a higher level of functioning within their home, and to assist them to utilize appropriate community resources.

**Services:** Nursing services, in-home aide, medical social worker, occupational therapy, physical therapy, speech therapy, nutritional counseling, pediatric care, intravenous therapy, enteral nutrition, total parenteral nutrition, hospice care, bereavement counseling, and volunteer services.

**Reimbursement:** Medicare, Medicaid, private insurance or group health insurance, HMO's, VA/Tricare, BC/BS; Commission Accredited; since 1996.

#### **Home Health:**

- 1) Must be homebound and the care must be provided in the patient's place of residence.
- 2) A physician certifies the need for services and establishes a plan of care, which is reviewed every 60 days
- 3) The individual needs skilled nursing on an intermittent basis or physical therapy or speech therapy or has a continued need for occupational therapy once one of the other skilled disciplines has established a plan of care.
- 4) When the above conditions are met, physicians may also order home health aide services. Medical social worker services may be provided.

#### **Hospice:**

- 1) Have a diagnosis with limited life expectancy, as determined by the physician.
- 2) Have a designated attending physician who is willing to work with the hospice team;
- 3) Be seeking palliative, comfort care rather than curative treatment;
- 4) Have a responsible caregiver or agree to develop an alternate plan of care consistent with the patient's safety and needs and in compliance with Hospice standards of care.

## **PROGRAMS**

**Acronym:** Parenting Education Empathy Rapport and Support

The *PEERS* Family and Development Center is a volunteer and community supported agency whose goal is the prevention of child abuse and neglect in the Onslow County community. By encouraging parents to have positive interactions with their children, child abuse and neglect can be diminished. All services at *PEERS* are provided without cost to the parent and funded through the Onslow County Department of Social Services, the City of Jacksonville, and United Way of Onslow County, Smart Start, community donations, and fundraising.

**Parent Education:** Various classes of parent education are taught in 16 contact hour sessions throughout each year. The curriculums are Systematic Training for Effective Parenting (S.T.E.P.), the Nurturing Program, Assertive Discipline, Raising Children in Troubled Times, Parenting under stress (Men Only), and PARENTS! 1, 2, 3, 4. Classes are divided by the ages of the parent's young children 0 - 5, school age children 6 - 12, and teens 13 - 18. Childcare is available for parents the night of the classes at no charge during the sessions.

**Parents As Teachers:** Is an international early childhood education and support program serving families throughout pregnancy until child enters kindergarten. The program includes four components: personal visits, group meetings, screening and resource network. It is designed to enhance child development and school achievement through parent education accessible to all families.

**Drop-In Child Care:** Three mornings each week a free day care service is available for parents of pre-school age children. The center can be used once each week for any reason by any parent whose child is up to date on their immunizations and if space is available.

*PEERS Family Development Center Continued ...*

**Adolescent Parenting Program:** Services are available to teens 17 years old or younger, pregnant or parenting for the first time who are currently enrolled in school and willing to postpone a second pregnancy. A social worker/paraprofessional/volunteer team is assigned to members of the program to encourage the young mother to care for herself and her child to offer support through parent education, locating available resources, assisting with transportation to doctor appointments when necessary in order to reduce the isolation and to establish friendships with others in their same circumstances.

**Purpose:** Primary and secondary prevention of child abuse and neglect.

**Funding:** Onslow County Partnership for Children (Smart Start), the United Way of Onslow County, the City of Jacksonville, Onslow County Department of Social Services, public and private donations and fundraising.

**Eligibility:** Open to the community regardless of age, race or income.

### **What are our Pre-School Programs?**

The Onslow County Schools Preschool is comprised of four program components (Title I Exceptional Children (EC), Head Start, and More at Four). The administrators and staff work together to provide equal opportunities and services to eligible children in the least restrictive environment. Funding and program requirements are determined by the state and/or federal offices.

E.S.E.A. **Title I** is a federally funded educational program for elementary and secondary schools. The students served must be 4 years old on or before August 31. Each child is administered screening instrument(s) to determine his/her educational need. Students are selected through the review of multiple selection criteria, including the developmental screening. All children selected for the Title I program must live in Onslow County Schools attendance area.

**Head Start** is a federally funded educational, health, and social program designed to work with families who are economically disadvantaged. The students served are 3 and 4 years old. There are many classrooms throughout the county. All students selected for the Head Start program must live in the Onslow County Schools attendance area.

**Exceptional Children's** Preschool Program serves students who have developmental delays, speech/language delays and/or other delays that affect their education. All students served by the Onslow County Schools Preschool Program for Exceptional Children must live in Onslow County Schools attendance area.

The **More at Four** Program is a state-funded program for students who meet the state of North Carolina More at Four program selection criteria. The More at Four program is administered by Onslow County Schools and has sites in both selected elementary schools and some child care centers. Students must be four years old on or before August 31<sup>st</sup> to be eligible for the program.

Before a child enters any preschool program, an application, birth certificate, immunization record and eligibility requirements must be on file. The preschool programs are designed to provide developmentally appropriate experiences, which enhance educational opportunities prior to entry into kindergarten. The purpose of the preschool program is to prepare the students for a successful school career.

Special Olympics are one of the largest volunteer-driven sports in the United States. It is the mission of Special Olympics to provide children and adults who have intellectual disabilities or closely related developmental disabilities, the opportunity to train and compete in Olympic-type sports.

Currently Special Olympics Onslow County holds local county games twice a year. Basketball Skills in the fall and athletics in the Spring. Special Olympics Onslow county also provides training in the following sports: bocce, cycling, soccer, basketball, aquatics, athletics, softball skills, bowling, and tennis; and many of the athletes who train in these sports will advance to state level competition.

Our sports are broken down into seasons: Fall (cycling, bocce, and soccer begin training early August until November); Basketball (individual skills, three on three, and five on five teams, begin training mid-October until March); Summer (athletics, aquatics, and softball skills, begin training Jan/Feb for aquatics, others March- all until June); Mid-summer(bowling and tennis; begin training April until mid-July). Practice days and times vary according to sport.

Special Olympics Onslow County holds monthly committee meetings and we welcome visitors and those interested in joining our committee. We are always recruiting new athletes and volunteers; for more information on begin part of Special Olympics. For more information on being part of Special Olympics Onslow County please call our office or visit our web site.

**Funding:** Special Olympics Onslow County is a private, non-profit organization and receives no direct funding from the city, county, state, or federal government agencies; the United Way or the Joseph P. Kennedy Jr. Foundation, which provided initial funding for Special Olympics in the organizations formative years. Special Olympics relies totally on individual, corporate, and foundation contributions to assist in programming needs.

**Eligibility:** Must be 8 years or older (no ending age), have a diagnosis of mental retardation or a closely related developmental disability that has been denitrified by the schools or another agency before age 18. Athlete must also have a participation form on file prior to begin training.

## **PROGRAMS**

Purpose: To create a statewide system to coordinate assistive technology services. The project's activities impact children and adults with disabilities across all aspects of their lives, education, employment, recreation and independent living.

**Assistive Technology or “AT”** is any piece of equipment or device that a person with a disability uses to make everyday living easier and be more independent.

### **NCATP Provides:**

- 11 regional AT centers provide AT services to people with disabilities of all ages
- Hands-on demonstration of AT for computer use, activities of daily living, listening, communication, telecommunication, mobility, education, learning, leisure, play, alarm/emergency systems, and environmental control.
- Short-term AT loan to try out devices
- Technical assistance in selecting devices showing the range of AT options
- Group training and awareness activities on AT
- Funding resource information based on the person's needs
- Other AT resource information & referral to other programs
- Presentations to groups on specific AT topics
- Advocacy for individuals & their families on their rights to AT services

*Assistive Technology Project continued...*

- Special Programs:
  - 1 staff member focuses on AT for individuals who are hard of hearing, deaf, or deaf-blind in eastern NC
  - AACT Project specializes in AT services to adults with speech
  - impairments due to conditions such as Parkinson's, Lou Gehrig's disease, Multiple Sclerosis, or Muscular Dystrophy in north western NC

**For a fee:** Agencies, schools & other organizations can purchase assistive technology assessments, feature matching & device trial, training on a specific device/software, consultation services, and specialized workshops/seminars. Contact the AT center nearest you for more information.

NCATP serves:

- Children, adults & older adults with disabilities & their families
- Older adults experiencing difficulty with daily activities
- Professionals in disability related fields such as health care, social services, education, or other human services.

**North Carolina Assistive Technology Program (NCATP)** is a state and federally funded program created under the Assistive Technology Act 1998 (P.L. 105-394), to increase statewide access of assistive technology to people of all ages and abilities.

## PROGRAMS

Purposes: To provide programs of internationalized services to children and families who are experiencing family breakdown and relationship problems.

Services:

Emergency Care up to 60 days for school age children. Provides temporary stability and planning during a time of family and individual crisis. A complete individual and family assessment will be done during the sixty days.

School Age Youth and Family Clarification--Approximately one year in length. Four 12-bed cottage units, two male and two female. Designed (1) to assist parents in clarifying and coming to a reasonable decision about their desire and ability to parent their children and (2) to assist youth with low self-esteem and self defeating behaviors to use their peer group as a helping tool. Structured group sessions and activities teach youth to evaluate personal values and to support group members in making positive choices. Family sessions are required. Educational services are provided on campus.

Continuing Care--Indefinite length of stay. Designed for youth who can handle a less structured living arrangement and who need a non-threatening neutral place to live for an extended period of time. School is provided in the community. Level III Cottage for Boys—A therapeutic cottage for boys with behavioral and emotional needs.

Funding: Baptist State Convention of NC, Private Donations, Purchase of Care Service fee  
Eligibility: Troubled youth, ages 6 – 21

Work toward permanence or less restrictive placement with youth in need of residential group care. Children 6 to 21 are served for an average length of stay of 6 - 12 months. Youth are assisted in developing the skills needed to live successfully in the community. Outpatient counseling services include individual, group, family therapy, and parent training. Day treatment services provide an alternative learning environment 6 hours per day 5 days per week, including summer, for children who have behavioral difficulty in the regular classroom

### Cost:

DSS public placements are typically charged at the State rate per day. A limited number of privately placed youth are accepted, based in a sliding fee scale. Mental Health (MH) fees accepted for MH Group Homes and Day Treatment programs. The Agency directly bills Medicaid for treatment costs, outpatient services paid for by Medicaid, or on a sliding fee scale.

### Eligibility:

Residential & Day Treatment: Boys and girls between the ages of 6 and 21 who have a diagnosed mental health condition. Youth with an active substance abuse problem, or who are actively suicidal or homicidal are not admitted until stabilized with these problems. Youth who have committed sexual offenses must have successfully completed a licensed sex offender program.

Outpatient: Youth of all ages, 0-18

## **PROGRAMS**

Boys and Girls Homes is a non-profit, non-sectarian child-placing agency for at-risk children. All services provided are offered year-round.

### **Residential Care**

The Residential Care program provides services to abused, neglected and dependent boys and girls, ages 9-18. Programming includes services to promote family reunification, social skills training, preparation for independent living, academic remediation and opportunities for spiritual awareness. Counseling services are available on campus.

There are nine cottages on the campus, six for boys and three for girls. An on-campus school provides instruction for grades 4-12. Students may also attend the local public school, Early College program, or the GED program at Southeastern Community College. Campus activities include a work preparation program, tutoring, and structured recreational activities comprised of both intramurals and soccer and basketball teams that compete in an athletic league. Horseback riding, lake activities, in addition to the spiritual enrichment opportunities through the chapel ministry round out this campus-based program.

Emergency Placements: The residential program is licensed to provide emergency placements in each of our nine homes, thereby eliminating the 90-day cap on a youth's stay.

### **Family Foster Care and Adoption Program**

The Family Foster Care and Adoption Program provides out-of-home placement in a nurturing environment to abused, neglected, dependent boys and girls, ages birth to 18 years. Programming includes services to promote family reunification, social skills training, adoption services, and services to prepare adolescents for independent living. Foster parents in MAPP (Model Approach to Partnership and Parenting). Boys and Girls Homes is licensed to train and manage foster homes within a 150-mile radius from the Lake Waccamaw campus. A Family Foster Care and Adoption satellite office in Keanansville to more effectively serve clients.

The Carousel Center, Inc. is a non-profit 501(c) (3) organization that is committed to providing services to victims of child abuse and neglect. The center began its operations in January 2000, and serves children from fifteen counties throughout southeastern North Carolina. Referrals are taken from the Department of Social Services and law enforcement, as well as medical providers. The following services are provided:

**Medical Exams:** A complete medical examination is performed for child sexual and physical abuse cases. The services are provided in a nurturing, supportive environment.

**Forensic Interviews:** The agency provides a separate interview room equipped with closed circuit video equipment to record the interview on DVD for use in court.

**Case Management:** An on-site case manager ensures that children and non-offending family members receive needed services in a timely fashion.

**Mental Health:** Counseling services are offered on-site to those children and their families who have experienced abuse. Appropriate referrals are made to outside mental health providers if needed.

The Carousel Center, Inc. is the only Child Advocacy Center in southeastern North Carolina that is both by and associate member of The National Children's Alliance.

## **PROGRAMS**

The Family Support Network of North Carolina (FSN-NC) includes local Family Support Network programs located across the state. These community-based family support organizations are housed in local or regional hospitals, regional Children's Developmental Services Agencies (CDSA's). Local Arcs, and local Smart Start Partnerships.

While the local organizations vary somewhat, they are all affiliates of FSN-NC and engage in similar family support activities. These include parent –to-parent matching, whereby parents with concerns about their child and/or family can talk with other parents with similar experiences and concerns. Support parents have participated in a training program to prepare them to provide appropriate guidance and support.

Local programs offer support groups and workshops for families and service providers, and they make presentations to increase public awareness of disability-related issues.

The Central Directory of Resources is a free resource for family members and service providers. Callers can obtain information about specific disabilities and the resources and organizations that serve children and families. Through our toll-free number (800-852-0042) and our web site ([www.fsnnnc.org](http://www.fsnnnc.org)), information and referral sources are available to family members, service providers, students, and others across the state. Callers can speak with a Resource Specialist and receive printed materials on specific disabilities and disability related issues. The Central Directory of Resources also has a Spanish-speaking Resource Specialist and some information printed in Spanish. All of these services are offered without charge.

The Family Support Network of N.C. promotes and provides family support through its family support services; education and outreach activities; research and evaluation; and other projects.

### **CAMPAIGNS AND SERVICES**

First Step Campaign, Health Check/NC Health Choice for Children, Back to Sleep Campaigns, Ana Maria Campaign.

The mission of the North Carolina Healthy Start Foundation is to increase public awareness and involvement in the issues relating to the prevention and education of infant death and illness and the promotion of the health and well being of woman and young children in North Carolina.

To fulfill this mission of the Foundation coordinates the following statewide public education campaigns:

- **FIRST STEP:** promotes the importance of healthy lifestyles before, during and after pregnancy
- **N.C. Back to Sleep:** leads the statewide effort to reduce the risk of Sudden Infant Death Syndrome.
- **Minority Infant Mortality Reduction:** address infant death and illness in African American and American Indian communities.
- **Ana Maria:** provides Spanish language health information and referrals.
- **Health Check/NC Health Choice for Children:** promotes enrollment in publicly funded children's health insurance programs.
- **Medical Home:** Promotes the importance of children having consistent health care for their preventative, chronic and acute healthcare needs.

A major component of the Foundation's public education outreach includes the development and distribution of up-date, research-based educational materials, featuring campaign messages. These materials are distributed **FREE OF CHARGE** to community organizations, healthcare, businesses and individuals across the state.

All of the Foundation's programs and materials promote the NC Family Health Resource Line (1-800-367-2229 or 1-800-FOR-BABY) , a toll-free, bilingual service for information and referral regarding prenatal care, pregnancy, parenting, child care and health insurance. For TTY, dial (1-800-976-1922).

These professionals are all faculty within the UNC Healthcare system. The specialties include; plastic and reconstructive surgery, otolaryngology, audio logy, pediatrics, social work, pediatric dentistry, oral and maxillofacial surgery, speech & language pathology and psychology, orthodontics. Each patient and family has an individual consultation with each professional. The doctors assemble once a week to go over their finding and as a team, make long-range treatment plans for our patients. These recommendations, in the form of a team letter, are then sent to the family within three weeks of their visit.

Our patients can come back to UNC for their treatment or take our recommendations to specialists in their communities.

**Eligibility:** All patients are either referred or self-referred.

**Cost:** The average cost of a one-day evaluation is \$300-\$500. All of our consultations are combined into one bill at Dental Faculty Practice. Our center will send claims to your insurance company using the information given to us and the patient is responsible for co-payments, deductibles, and non-covered services. We file Medicaid, NC Healthchoice and all medical insurance. However, we are **not** registered with all managed care plans.
